

Harry's Home Hotel The extraordinary hotel.

The extraordinary hotel Harry's Home does not fit into any particular category. It is a family hotel and a business hotel, a sports hotel and a culture hotel.

But, whatever the reason of your journey is, it is your hotel. Harry's modular system can be adapted to your needs: you choose your breakfast, your room type and your level of service. You just pay for what you need. So you save money on your accommodation. Not on style.
